Our Vision and Strategy

The Diocese of Salisbury Academy Trust (DSAT) has a vision for growing thriving Christian schools, enabling all to flourish, serving communities, and collaborating for excellence. Rooted in the values of **love**, **hope**, and **joy**, DSAT's vision is to create an environment where everyone can grow and succeed.

The Trust's Strategy 2030 is built on four windows that encourage us to look out to 2030: flourishing children, strong communities, thriving people, and digital excellence. Each window represents a commitment to enhancing the educational experience, outcomes and overall wellness of students, staff, and the wider community.

Flourishing Children: We aim to secure the wellness and success of every child. This includes ensuring that children can read fluently, are inspired by a broad curriculum, and have opportunities for personal and spiritual growth. The Trust is dedicated to overcoming barriers to learning and providing inclusive and inspiring opportunities for all, especially the most vulnerable.

Strong Communities: We work closely with diocesan and civic bodies to support not only children but also their families and communities. The Trust advocates for the alleviation of poverty and disadvantage, strengthens relationships within and between families, and provides access to support services and enrichment opportunities.

Thriving People: We value our staff and are committed to their wellness and professional growth. We aim to recruit and retain diverse talent, provide opportunities for career progression, and support staff in taking responsibility for their own wellness. The Trust also focuses on developing resilient leaders who can drive positive change.

Digital Excellence: We are dedicated to delivering a secure and well-connected digital experience. This includes equipping children with digital skills, enabling teachers to create high-quality learning experiences, and ensuring that administrative tasks are carried out efficiently. The Trust's digital strategy aims to raise expectations and strengthen infrastructure across all areas of work.

Introduction

The Diocese of Salisbury Academy Trust (referred to as DSAT or the Trust) is a charitable company and single legal entity overseen by a single Governing Board (the DSAT Board of Trustees) which is ultimately accountable for all pupils, employees, academies, monies, assets and compliance with statutory duties. The Trust's purpose is defined by the company 'objects' in the Articles of Association which, in summary, is 'to provide education for public benefit'. A copy can be found [by clicking here](#).

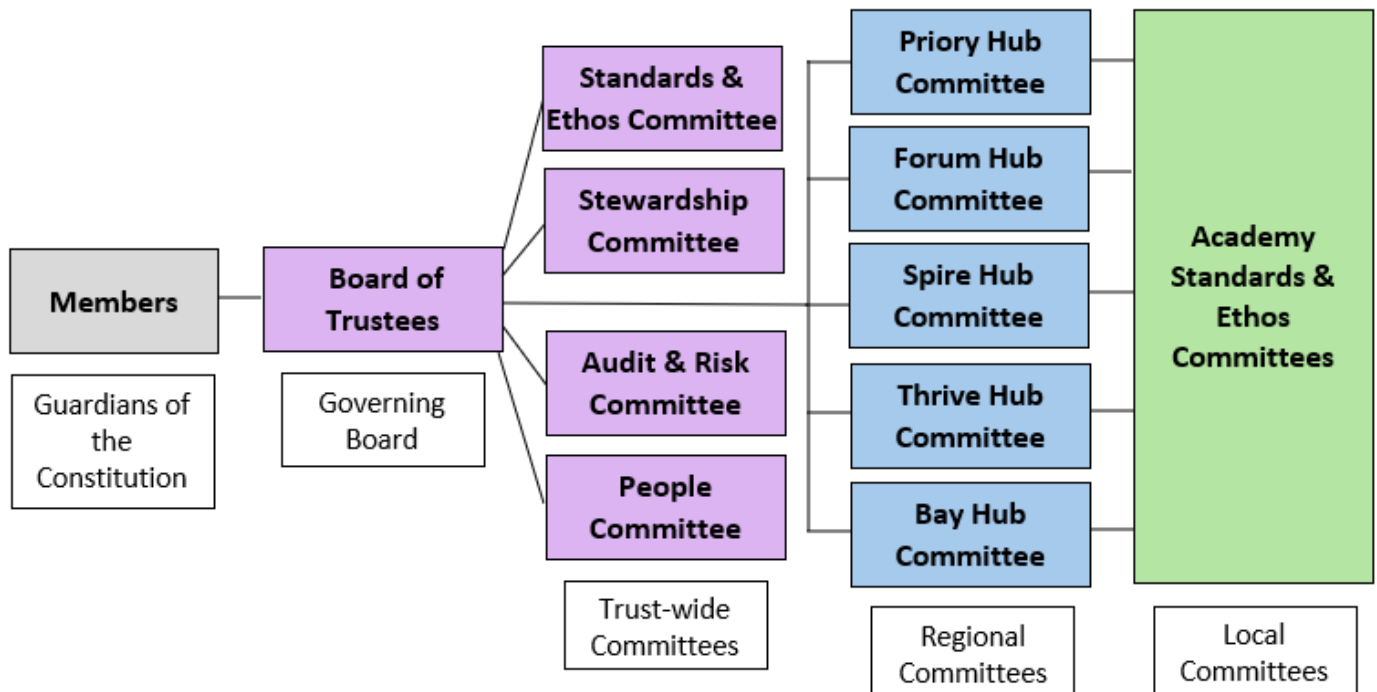

The Trust is regulated by the Department for Education (DfE) which has delegated oversight responsibility for the performance of every academy trust in England to Regional Schools Commissioners (RSC) and the Education and Skills Funding Agency (ESFA). The Trust's Chief Executive Officer (CEO) and Chair of Trustees are invited to an annual Trust Review meeting with a representative of the RSC SW Office. The Trust contracts with the ESFA to receive funding via [Funding Agreements](#). The Funding Agreements stipulate several regulatory requirements including compliance with the Academy Trust Handbook.

In accordance with the Academy Trust Handbook, the Trust Board provides:

- **Strategic leadership of the academy trust:** the board defines the trust vision for high quality and inclusive education in line with its charitable objects. It establishes and fosters the trust's culture and sets and champions the trust strategy including determining what, if any, governance functions are delegated to the local tier
- **Accountability and assurance:** the board has robust effective oversight of the operations and performance of the academy trust, including the provision of education, pupil welfare, overseeing and ensuring appropriate use of funding and effective financial performance and keeping their estate safe and well-maintained
- **Engagement:** the board has strategic oversight of relationships with stakeholders. The board involves parents, schools and communities so that decision-making is supported by meaningful engagement.

Governance Structure

Due to the Trust's current size and expectations of further growth, in line with sector research and published guidance, it operates a regional hub model of governance as shown in the diagram below.

The number of Academy Standards and Ethos Committees (ASECs) (formerly called LGBs) reporting to each regional Hub Committee varies. The governance structure diagram could be viewed as hierarchical, but the Trust Board would prefer to view itself as sitting behind the Regional Hub Committees and Academy Standards and Ethos Committees (ASECs) who are closest to the frontline in scrutinising the educational performance of academies. As a result, the Trust Board recognises and appreciates the strategic leadership input of Governors who oversee delivery of the Trust's vision and strategic plan priorities to make a positive impact on children, their families, and local communities.

Members

The role of Members is to act as the guardians of the Trust's constitution (Articles of Association). Every academy trust has Members who have a similar role to shareholders of a company (but to clarify, there are no shares in an academy trust) and the Salisbury Diocesan Board of Education (SDBE) is a Corporate Member of the Diocese of Salisbury Academy Trust. The Members meet three times per year, in addition to the Annual General Meeting, to help them keep aware of any key factors affecting the Trust and its educational and financial performance. Members:

1. Are the subscribers to the memorandum of association (if they signed the legal documents to open the Trust).
2. May amend the articles of association subject to any restrictions created by the funding agreement or charity law.
3. May, by special resolution, appoint new members or remove existing members other than, where there is one, the foundation/sponsor body and any members it has appointed.
4. Have powers to appoint Trustees as set out in the Trust's articles of association and powers under the Companies Act 2006 to remove Trustees.
5. May, by special resolution, issue direction to the Trustees to take a specific action,
6. Appoint the Trust's external auditors and receive (but do not sign) the audited annual report and accounts (subject to the Companies Act).
7. Have power to change the company's name and, ultimately, wind it up.

Board of Trustees

The Members shall appoint up to three trustees. The Diocesan Board of Education shall appoint Trustees to ensure that the Trust Board's membership is composed of a majority of those approved as Foundation Trustees. The Chief Executive Officer (CEO) may choose to be an ex-officio Trustee for as long as they remain in post, and the Trust Board may appoint co-opted Trustees for their skills, knowledge, and experience. Trustees shall for each school year elect a Chair and Vice-Chair from among their number.

The Trust Board is ultimately accountable to the DfE for the quality and effectiveness of its educational and financial performance and governance and ensuring compliance with statutory duties and regulatory requirements. The Trust Board has appointed the Business Support Administrator ("BSA") as the Company Secretary/Clerk and has access to its own legal and other specialist advisors. The Trust Board is collectively responsible for fulfilling five core functions:

1. Ensuring clarity of vision for high quality and inclusive education in line with its charitable objects, ethos, and strategic direction and including safeguarding and the promotion of wellbeing of staff and pupils.
2. To drive the Trust's Strategic Plan and Growth Strategy and monitor their delivery.
3. Holding executive leaders to account for the educational performance of the organisation and its pupils, and the performance management of staff.
4. Overseeing and ensuring effective financial performance through robust effective oversight of the operations and performance of the Trust, including the provision of education, pupil welfare, overseeing and ensuring appropriate use of funding and keeping the estate safe and well-maintained.
5. Ensuring the Board has strategic oversight of relationships with stakeholders such as parents, schools and communities so that decision-making is supported by meaningful engagement.

For transparency, the names of the Trust's Members and Trustees are published via [Getting Information About Schools](#).

Committees

The Trust Board's Scheme of Delegation (SoD) is reviewed annually and sets out what the Board has opted to delegate to its committees and executive/senior leaders on the understanding that they will carry out their delegated duties strictly in line with committee terms of reference (from page 7 onwards) and SoD Matrix (Appendix A) and to maximise effectiveness, efficiency and impact from the Trust's governance arrangements. The Trust Board has absolute discretion to alter or withdraw any provisions of the SoD and any delegated duties exercised **must** be reported back to the Trust Board via the committee meeting minutes and annual reports. Effective relationships and two-way communication to/from the Trust Board and its committees are also facilitated through termly chairs' and clerks' forum meetings as well as whole governance team learning and networking via participation in DSAT Governance Collaborative Professional Learning events and webinars.

All policies referred to in this SoD relate to the current policies stored in the DSAT SharePoint and/or published on [the Trust's website](#). The Trust Board takes out indemnity insurance annually to protect those working in it, or on behalf of it, from civil or criminal proceedings where they are acquitted by the court from liability for negligence, default, breach of duty or breach of trust in relation to the affairs of the Trust.
