

Thursday 2nd May 2024

Dear Parents/Carers,

As a school, we have invested in the online platform Spellzone as a way to support your child with their spellings both in school and at home.

Spellzone is a complete online teaching resource based on phonics progression covering all English spelling rules using multi-sensory activities and tests. Spellzone includes a wide range of word lists which can be used with online activities, games and printed worksheets.

Your child will complete their course pathway assessment in school. This will provide a programme tailored to their spelling ability and will aim to target the spelling rules and patterns which your child is less confident with.

Class teachers will also upload the weekly spellings each week to enable your class to practise these in a fun and interactive way as well as in their spelling homelearning books.

Spellzone is browser-based and is available for use on school computers, home computers and mobile devices. Google Chrome is our recommended browser.

What will my child need to do?

Go to: www.spellzone.com

Click on the red login tab

Enter the login details provided by your class teacher

If several people are using the same PC to access Spellzone in your home, please ensure that each person logs out before the next person logs in. Remember that your browser may store the Spellzone login details of other users, so please ensure that you are using the correct details for each account.

Please remind your child to look after their login information and to never share it with others.

If your child forgets their login details, please let their class teacher know and they can share these with them again.

For further information go to: www.spellzone.com/pages/guide/Spellzone_Parents_Guide.pdf

Yours sincerely,

B Monaghan
