Basketball Year 3 and Year 4

About this Unit

Basketball is an invasion game. An invasion game is a game where two teams play against each other. You invade (enter) the other team's space to try to score goals.

Basketball was invented in 1891 by an American PE teacher called James Naismith. The game was created so that his students could play indoors in the winter. The first game of basketball used peach baskets as the hoops which is why it is known as basketball!

Invasion Games Key Principles

attacking	defending
score goals	stop goals
create space	deny space
maintain possession	gain possession
move the ball towards goal	

Can you think of any other invasion games that share these principles?
