Rules

Winning a point:

- The ball is not returned over the net within three hits.
- The receiving team lets the ball hit the ground.
- A player makes contact with the net.
- The returned ball lands outside the court area.

Serving rules:

- One team starts with service and must serve from the back right of the court.
- That pupil continues to serve for their team until they lose a rally.
- If the non-serving team wins the rally, they win the point and the right to serve.
- When a team regains the right to serve, a different person must serve. If playing with rotation, when a team regains the serve all players rotate clockwise on court. This is so all players get to serve.

Tactics

Attacking:

- Look at where your opponents are and try to place the ball away from them.
- Use a set to give your teammates time to see where to place the ball on the next hit.

Defending:

- Recover quickly to a ready position after striking the ball.
- Spread out as a team to cover the most space possible.
